## IM A DILEMMA

An Aged Seeker After Connubial Joys Strikes a Snag in This City

At 10 o'clock yesterday morning the hurried footsteps of Mr. F. F. Swanson of Huntington, W. Va., sought the cool shade of the Mason County Clerk's office. On his arrival the urbane Clerk was asked to issue a marriage license to Mr. Swanson and some fair maidens whose habitation was old Illinois.

Upon expostion by the Clerk that the village of the bride-to-be would have to be granted upon by the Clerk for the purpose of determining the approximate age of the applicant, it developed that the bride-to-be was still in Illinois and that she and Mr. Swanson were to meet and marry in Cincinnati that evening at 6 o'clock on their arrival in that city, and wanted a license issued by the Mason County Clerk for that purpose.

Our polite Clerk told Mr. Swanson that while it would afford him pleasure to comply with the request, it would be directly contrary to law to do so, for while Mr. Swanson claimed the lady to be 61, for all the Clerk knew she might be sweet 16.

What to do bothered Mr. Swanson terribly, and he pined earnestly with the kindly Clerk to show him a way out of his dilemma, as the marriage license office in Cincinnati closed at 4:30 o'clock and Mr. Swanson and his intended bride could not reach the city before 6 p. m., and it was imperative that the marriage should take place that evening.

After a few thoughtful thoughts our efficient and obliging Clerk brought the long distance phone into use. Upon the promise of Mr. Swanson not to be later than 6 p. m. in reaching the city, and a further intimation that the Queen City Clerk would not be forgotten in Mr. Swanson's will, the kindly official was persuaded to remain at his office and issue the license.

Good luck and happiness to the persevering old gentleman.

It is a full name is William Jeneloga Bryan Dickson and he declared he is only 14 years old. Dickson says he is about to scare the boys and that he was 200 yards away. He was never in trouble before.

Elmer Nash, known as "Pug," was a boy in Keen pants. He is a son of Mr. and Mrs. Oscar Nash of Forest avenue, the father being an employee of the Spar Brick Plant.

It is truly a distressing affair and we trust it will teach the other boys a lesson to keep away from other people's property, and also not to be too hasty about using a gun.

A fool kid with a gun is a dangerous animal.

THE CORONER'S VERDICT.

We, the jury, find the body before us to be that of Elmer Nash, white, aged 15, of Forest avenue, Maysville, Ky., and from the evidence

we believe that he came to his death from a gunshot wound in the right side in the hands of Jennings Dickson of Mason county, Ky., and we also believe that the shooting was deliberate.

There are many issues of vital import to be settled during the next four years—the Tariff, the currency, women's suffrage, the regulation of trusts and the conservation of natural resources. And the most vital of these is the Tariff. The life blood of the nation is dependent in a large degree upon the proper adjustment of the tariff.

Senator Kenyon's Free-Trade tendencies will not likely appeal very strongly to the farmers of Iowa. What they want is Protection for farm products as well as Protection for the output of the factory and for labor. In other words, they do not look very kindly upon the idiotic scheme, half Protection and half Free-Trade, and such that the record of Kenyon shows him to be.—Cedar Rapids Optimus.

It is stated that of the 500,000 women in California entitled to vote, less than 20,000 voted at the presidential primary, and it is not expected that more than 150,000 will vote for President next fall. Evidently a large majority of the women of that State do not want to vote.

About 300 men and 100 children are employed in the two glass factories of Uruguay and they work 8 hours a day. Peons receive 25 pesos (Uruguayan peso is equivalent to \$1,034 U. S. gold) per month, the smallest wage paid to the other adults being 50 pesos and to children 9 to 12 pesos for a similar period.

Costs of production as well as prices go up and down. Prices which would yield a profit to-day might be below the profit line to-mor-

row. It is impracticable to change Tariff schedules with every change in the cost of raw material or labor.

If we are to preserve our manufacturing industries and keep wages at a high standard, we must, as most other countries do, give them such Protection as will prevent foreign manufacturers from making the United States a dumping ground for their surplus. And there should be as few changes as possible, for every change affects values and disturbs business conditions.

It has been demonstrated again and again that a reduction in Tariff, while it may seriously affect the manufacturer or his employees, rarely reduces cost to the consumer. The abolition of the Tariff on hides and coffee did not reduce the price of shoes or coffee to the consumer.—Leavenworth (Kan.) Post.

Conceit Led to His Undoing.

Conceit and laughter led to the recent arrest of a German postal employee, who had absconded from Chemnitz, Germany, with \$40,000 in money and papers. Two Swiss detectives were in the restaurant of a large hotel at Rale, when a well dressed man carrying a number of newspapers sat down at the next table and laughed loudly as he opened each paper when he saw a photograph. The laughter and curious attitude of the visitor attracted the attention of the detectives, one of whom politely asked to see a paper, and found that the photo and description (with \$250 reward) referred to the stranger himself, whom they promptly arrested. A large sum of money in shares and notes was found in his room.

Sunday morning we will enter our church, after a vacation of five weeks, during which time the church has been frescoed, re-lighted and given a general cleaning. It is now a thing of beauty, and is an honor to the town and the Baptists.

All members and friends of the church are cordially invited to attend the opening services, both in the Church and Sunday school.

We are anxious to make this the greatest day in the history of the church. There will be special music, and the sermons will be on the subject "Forward."

At the evening services, the congregations will be given the opportunity to see the church illuminated, which in my opinion will show up the church to the very best advantage. The public is extended a cordial invitation to attend both the morning and evening services, and the members are all urged to be present.

ROOSEVELT'S HERESIES

Condemned By Kentucky Bar Association, Which Also Hits  
Recall of Judges

Numerous exceptions to Colonel Roosevelt's writings and speeches on the New Nationalism were taken by John M. Harlan of Chicago, and the late Justice John M. Harlan of the United States Supreme Court, in an address at Louisville before the Kentucky Bar Association.

"Summarized," declared Mr. Harlan, "the Governmental measure proposed in the textbook of nationalism appears to me to embrace about everything I ever heard of. Mr. Roosevelt's advocating to the way of governmental, political, financial, economical, industrial, educational and ecology measures, with the exception of a proposal for legislation against race suicide and legislation regarding phonetic spelling. Put to all the long list of objects enumerated in the New Nationalism not one could be claimed susceptible of possible

achievement without amendment of the constitution."

Mr. Harlan declared that "the New Nationalism of Mr. Roosevelt is impatient of a balanced government and of constitutional limitations, precisely as was Mr. Roosevelt when President." Mr. Harlan spoke to a crowd of several hundred persons in the United States District Court room at the Federal building. He was introduced by Chief Justice J. P. Hobson of the Kentucky Court of Appeals.

Just before the close of the afternoon session, President Taft put the question:

"Resolved, That the Kentucky State Bar Association is earnestly opposed to the recall of judges," and it was almost unanimously adopted. There was no discussion.

Gospel never interests a woman—if she has heard of it before.

A girl wouldn't mind having red hair if it wasn't for the color.

If some women are to be permitted to wear hats at the theater, as German courts have decided, they ought to be required to wear vacant seats behind them.

What to do with our ex-Presidents is still a bothersome question, but it is not more bothersome than the problem: What to do with our ex-candidates for President.

Trying rid of Doan's Kidney Pills the tested Quaker remedy.

Maysville people testify, Maysville people profit.

The evidence is home evidence—the proof convincing.

Maysville testimony is gratefully given.

Maysville sufferers should heed it.

W. F. Lynch, 127 W. Third street, Maysville, Ky., says: "Doan's Kidney Pills are a fine medicine. My children were weak and the passages of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box and their use quickly restored my kidneys to a normal condition. I continued using Doan's Kidney Pills and they completely relieved me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

All the stranded actor wants is a show.

## What's The Matter With Your Baby?

The young mother—and many an old one, too—often puzzled to know what to do with her child's distresses. The soundness of his crying does not necessarily indicate the soundness of his health. He may be having nothing more than a cold or a headache, but it cannot, of course, describe his feelings, but as far as you are safe in trying a mild laxative.

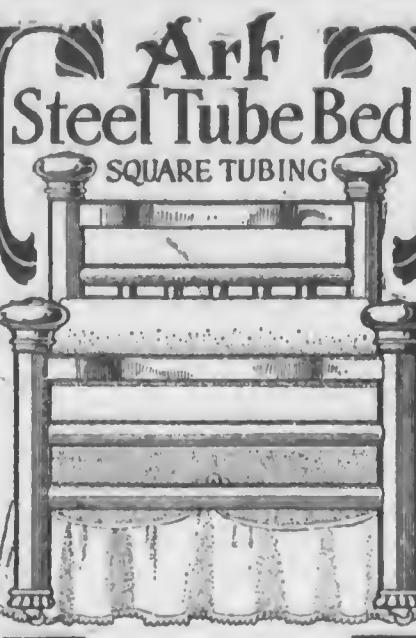

Nine times out of ten, you will find it is all the child needs, for its restlessness and peevishness are perhaps due to other causes. The child has been remedied the headache, the shugshugness and the many other evidences of constipation and indigestion which are common.

Don't give the little one salts, castor oil, pills or nasty waters, for these will act as purgatives, and they are too strong for a child. In the families of

Mrs. M. S. Adams, Auburn, Ky., and Mrs. L. M. Boyce, Tip Top, Ky., the only laxative given is Dr. Caldwell's Syrup Peppermint. It has been found to answer most perfectly all the purposes of a laxative, and its very mildness and freedom from griping recommend it especially for the use of children, women and old folks.

Older people who need a gentle bowel stimulant. Thousands of American families have been enthusiastic about it for more than a quarter of a century.

Anyone wishing to make a trial of this remarkable syrup should write to Dr. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Do you see how the square cross-rods at top of head and foot beautify this bed?

Imagine this design with round tubing in these positions. Would not the result be "ordinary" and monotonous?

It is just such details of clever and artistic designing that have made our steel beds so popular. And the very large corner posts with brass caps all combine to make this an unusually artistic bed.

Moreover this bed is as good as it looks. Because it is made of drawn steel tubing, very light in weight—extremely strong.

A child can move this bed with the greatest ease. Come in and see this bed. Then you will realize how good it is.

### FOUND DEAD

In Pike With Faithful Dog Asleep  
on Breast

Amanda Flite, an aged woman of the Mill Creek neighborhood, was found dead in the pike near her home this morning about 6 o'clock. The supposition is that she was on her way to a neighboring house when stricken with heart disease. She was leading a little dog with a string, and when found the faithful dog was lying with head on the dead woman's breast sound asleep.

Coroner Slack was called and left for the scene early this morning to hold an inquest.

Up to the time of going to press THE LEDGER was unable to gather full particulars.

**DESIGN OF FIVE-CENT  
PIECES TO BE CHANGED**  
Figure of Buffalo to Occupy One's  
Side and Head of an Indian  
the Reverse

WASHINGTON, July 11th—The executive order which will completely change the design of the United States 5 cent piece probably will be issued by President Taft within a few weeks.

J. W. Fraser, the New York artist, is working out the design, which will be completed shortly for submission to the President for approval.

The figure of a buffalo has been selected for the nickel's face to displace the Goddess of Liberty, because it is explained, the buffalo is peculiarly an American animal. The Goddess of Liberty is on several other United States coins. The thought of the buffalo suggested the Indian and for that reason an artistic head of a red man will adorn the reverse of the piece of money.

### GUARANTEE!

Some people will give any kind of a guarantee. They don't expect to "make good." Even the spectacle peddler will guarantee satisfaction. He also guarantees a thirty cent frame for twenty-five years. When you get a guarantee on optical goods be sure that the man behind the guarantee is reliable and that he knows enough about optics to "make good." The honest man's guarantee to fit your eyes is worthless if he doesn't know how. He may think he knows. We have proved that we know. Ask the thousands that's been here.
